Subject: RE: [External] FW: CR 174 silver Buckel Ranch / Silver Buckle Ranch SUR

Gotcha. Here are my notes:

- 3 community members in attendance.
- Lots of questions about EME. Agreed to submit an EME report as part of the application. Members of the community can get it from CDS staff as it will be public record.
- Some questions about how the location was chosen. Explained process and reasoning.
- Agreed to send my contact info to those in attendance.
- Some discussion about next steps in terms of public input. Referenced PC and BOCC hearings. Staff advised the notice parameters would increase and more community member would be notified.
- Some discussion about the need for service in the area.
